Preliminary décor budget \_\_\_\_\_

We offer many different “stock” themes with built in décor options. We can customize these packages to fit your style and budget or come up with a completely unique vision for your special event! Please note that our “table prices” include plates, napkins, and plastic cutlery, the rental fee of the linens, tables, and chairs as well as the cost of flowers and set up. We recommend a mixture of low and high centerpieces and two of our themes have more than one option for your low and high centerpieces.

We base our prices off of local business & independent party rental companies servicing the south Florida area. Below are the minimum components we suggest for our themed parties. Of course we can add other decorative elements to any of the following packages. See our “add ons” section under each theme.

**BASE PRICE OF PARTY for 15 children: \$950.00**

**3 hour party:** Includes party favors, riding lessons for 15 children, 2 crafts, and decor items marked “(included)”

Minimum additional services required: 1 child dining (Birthday Table), 1 adult dining , and 1 buffet table.
